PLUS LIGHTS

We call the light that emanates from these sconces the holy-moly glow. That's right. For the all-brass version, light leaks from slashes cut into the sides of the Plus and haloes it from behind. Its marble counterpart has an ethereal glow. Created entirely by hand by our popham+ brass team, the sconce ships with an integrated high-CRI LED.

MATERIAL brass and marble
METAL FINISH polished, blackened or burnished
LARGE SIZE 40 x 40 x 13 cm • 15.7" x 15.7" x 5.1"
SMALL SIZE 30 x 30 x 11 cm • 11.8" x 11.8" x 4.3"

GOLDEN EGGS

These Golden Eggs are sculpted from 1mm brass and come in three sizes – small, medium and large. Hung solo or in a hen party, they give a soft, ambient glow wherever they are installed. The sconces are made entirely by hand by our team of popham+ artisans in Marrakech. Twenty hours go into the production of each golden egg. The sconce ships with an integrated high-CRI LED.

METAL FINISH polished, blackened or burnished

LARGE SIZE 52 x 33 x 16 cm • 20.4" x 13" x 6.3"

MEDIUM SIZE 46 x 29 x 14 cm • 18.1" x 11.4" x 5.5"

SMALL SIZE 40 x 25 x 12 cm • 15.7" x 9.8" x 4.7"

CUBE LIGHT

With slashes of brass cutting across its white surface, the Cube Light has a warm, ethereal glow when lit, and doubles as an occasional stool, or a side table. Useful and handsome. And yes, a bit heavy. The marble is quarried in the Atlas Mountains of Morocco. Given the variation in veining, color and pattern of the stone, each cube light is unique.

MATERIAL marble, brass

SMALL SIZE 20 x 20 x 20 cm • 7.8" x 7.8" x 7.8"

PICK-UP STICKS

Is it a sculpture? Is it a hat rack? No, it's a sconce inspired by the children's game, with a random, sticks-thrown-at-the-wall look. Created entirely by hand by our popham+ brass team, the sconce ships with an integrated high-CRI LED.

MATERIAL brass

METAL FINISH polished, blackened or burnished

SIZE 114 x 188 x 6 cm • 44.8" x 74" x 2.3"

T LAMP

We love a good discreet table lamp and we designed the T Lamp to be an interesting objet, even when unlit. Like the letter "T" which at the end of some French words is silent like *discret* (discreet), this table lamp won't gossip about what it sees and hears. Created entirely by hand by our popham+ brass team, the lamp is wired for two standard E26 light bulbs. We recommend a low, moody wattage.

MATERIAL brass, marble

METAL FINISH polished, blackened or burnished

SIZE 29 x 14 x 30 cm • 11.4" x 5.5" x 11.8"

FURL TABLE LAMP & PENDANT

Inspired by the petals of a tulip as they begin to unfurl in the morning light, Furl comes as a table lamp and also a pendant version. The furl is constructed from three ceramic discs - fired but not glazed - secured with handsome brass "buckles." The table version has a marble base and the pendant version hangs from a brass rod, whose length can be customized.

CANELÉ LAMP

The Canelé Lamp is inspired by the striated caramel crust (canelé means fluted) of our favorite French pastry, a divine rum-flavored custardy-caramel treat which originated in Bordeaux. The fluting in this lamp is with brass, not sugar, and instead of a cylinder, the lamp undulates amoeba-like. Created entirely by hand by our popham+ brass team.

METAL FINISH polished, blackened and burnished

SIZE 61 x 33 x 38 (h) cm • 24" x 13" x 15"(h)

EGG TABLE

Echoing the organic shape of our Golden Egg sconces, this marble Egg Table comes in two sizes - coffee table and breakfast table. Although made of stone, the table has a lighter profile because of the ovoid cut outs in its two base pieces. Available in Moroccan white marble (mined in the Atlas mountains) or a Guatamalan green marble.

PENTAGON STOOLS

These handsome brass Pentagon Stools are happiest in pairs – tall and short – and won't shy away from work as side or coffee tables. Flexible is their middle name. The stools are constructed of an MDF shell clad in 1mm brass. The cladding and polishing is the work of our popham+ brass team. Handmade start to finish in Marrakech.

SADDLE MAKER'S SWING

Nothing provides a nostalgic lift like a turn on a swing. This Saddle Maker's Swing takes advantage of the leather know-how of Marrakech artisans to bring an elegant saddle maker's finesse to the swing. Made of tanned, braided leather with generous brass ring hand holds, the swing has a steel cable skeleton to accommodate fans young and old. Up, up and away!

BACKGAMMON

Backgammon is one of the world's oldest board games, dating back some 5,000 years to Mesopotamia. This set is a personal ode to a favorite table game. The playing board is constructed of popham design signature handmade Backgammon concrete tiles set in a brass-clad frame. The thirty plus- and circle-shaped playing "checkers" are individually hand-cast and polished in our atelier in Marrakech, as are the leather-lined dice shakers.
